

**FILLING PLANT EQUIPMENT
COMPLETE CHARGING (FILLING) LINE**

AIRCRAFT ORDNANCE

ARTILLERY AMMUNITION

&

UNDERWATER MINES

AVAILABLE FOR SALE

General Information

The plant was designed for TNT melting and to incorporate various chemicals in order to produce TORPEX, COMPOSITION B, TRITONAL, H6, RDX-A, RDX-B, HBX-1 AND HBX-3, and loading of Mk80 series air ordnance (50 Kg to 1000 Kg)
Melting rate (capacity) is 600 kg/hour.

MAJOR ITEMS DESCRIPTION

Main Melting equipment

2 x Rotary melting Drums.	Drive by hydraulic motor. Speed of rotation – Variable – adjustment of Flow control. Capacity – 200 Kg. Molten Explosive each one.
2 x Vibratory feeder and hoppers	Drive – Hydraulic. Amplitude – Adjustable.
2 x Melting / Mixing vessels.	Drive by hydraulic motors. Speed of paddle rotation – variable by adjustment of flow control. Capacity – 300 Kg - each one.
1 x Explosive sorting table	
1 x Control panel.	

Main Filling equipment

1 Pouring vessel	Drive by hydraulic motors – Speed of Impeller rotation - variable by adjustment of flow control. Pouring valves – Pneumatic – spindle and diaphragm type.
1 x Vibrating feeder and hoppers (Solids feeder)	Drive – Hydraulic. Amplitude – Adjustable
1 x Rotary filling table	Drive - Hydraulic – Indexing one position at a time. Filling position 8. Method of Fill – By increments – liquid/biscuit. Method of Load/Unload - By Monorail with hoist and Scissor.
1 x Control panel.	

Preparation equipment

- 1 x Bitumen cement melter with pouring jug.
- 1x TNT (topping) melter with pouring jug.

Finishing equipment

- 1 x TNT melter with pouring jug.
- 1 x Bitumen cement melter with pouring jug.
- 1 x Overhead crane track with 3 hoist of 1 ton. (Monorail)
- 1 x Booth spray paint.
- 1 x Bomb tilting device (To transfer Vertical to Horizontal position.)
- 1 x Center gravity finder.

Melting equipment for biscuit and small productions

- 1 x Melter.
- 2 x Vibrating feeder and hoppers.
- 2 x Melting / Mixing vessel.
- 1 x Control panel.

Filling equipment for biscuit and small productions

- 2 x Discharge valves
- 1 x Cooling cabinet for biscuit trays.
- 3 x Conveyor Roller.
- 1 x Biscuit breaking table
- 1 x Control Panel
